Turkey and Bulgaria Almost Certain to Clash.

## FEAR OF MASSACRES.

The Terrible Accounts Received of the Conduct of the Troops of the Sultan Not Surprising to Many Europeans.

Constantinople, Sept. 8.—War between Bulgaria and Turkey is now regarded as inevitable. It is believed even that the outbreak of hostilities will occur before the end of September when the reinforcements from Asia will have been concentrated in Macedonia and the vilayet of Adrianople. It is not thought that there will be any formal declaration of war in view of the Bulgarian vassal status but that some frontier incident will precipitate hostilities.

The Bulgarians and Macedonians residing in Constantinople are in terror of massacre. A large number of them were arrested a few days ago as a "preventive measure" and they have not yet been released. The fear of a massacre is probably exaggerated although in view of the present excited state of Mussulman feeling an insignificant incident might perhaps lead to a massacre.

The terrible accounts received regarding the conduct of the Turkish troops have not surprised European circles here but many who have been hitherto optimistic in their views now

accept the prevailing belief that Turkey is on the eve of a catastrophe.

Consular dispatches from Salonica says that according to authentic information the insurrection in the district of Monastir has been practically stamped out. Bashi Bazouks assisted the regular troops in the work of repression which is said to have been carried out with sanguinary ruthlessness, the object of the Turks being apparently to exterminate not only the Bulgarian inhabitants but all the Christians of whatever nationality.

## LIFE THREATENED.

German Moulder Said He Intended Doing the Deed Labor Day.

Syracuse, N. Y., Sept. 8.—John Miller, a German moulder, thirty-five years old, was arrested here charged with having threatened to kill President Roosevelt. The affidavit of Mrs. Mary Smith, corroborated by Barnett, her son, led to Miller's arrest. Mrs. Smith swore that Miller said to her son some days ago:

"I am a bad man." Then pointing to a picture of the chief executive, he said: "I am the man who is going to shoot that man Monday. You wait and see."

## FOR WIFE MURDER.

Patrick Conkling Paid the Penalty in the Electric Chair.

Ossining, N. Y., Sept. 8.—Patrick F. Conkling, for wife murder, met death in the electric chair at Sing Sing prison Tuesday. Three shocks were given before the man was pronounced dead. Conkling shot and mortally wounded his wife June 10, 1902, at their home in West Sixteenth street, New York. They had frequent quarrels and separated several times.

portunity within his reach for  
bettering his condition, lightening

Bryan has more live merchants  
and larger stocks of goods this  
year than ever before—six exclu-  
sive dry goods houses, more than  
a dozen grocery houses, mammoth

lines in proportion. We also have  
nine cotton buyers and are leading

state on cotton receipts, as usual.

The railroads of Texas, under  
the leadership of the Rock Island  
seem to have tackled the Texas  
railway commission for a fight in  
the courts. It is the well-es-  
tablished policy of the commission  
to oppose the purchase and consoli-

Rock Island's purchase of the Cen-  
tral is objected to, but that com-

about it in the courts, and has the  
backing of the other railways in  
the State.

## BRAWL AT BEIRUT.

Christians and Mussulmans Engage  
in a Lively Fight.

### SEVERAL ARE SLAIN.

British Consul Threatened to Ask  
Admiral Cotton to Send Some  
Marines if Any More Dis-  
turbances Happened.

Constantinople, Sept. 8.—A consular  
dispatch from Beirut received at one  
of the embassies here states that a  
fierce brawl occurred there Sunday be-  
tween Mussulmans and Christians. An  
official version of the Beirut affair was  
telegraphed later to the Ottoman am-  
bassadors abroad for communication  
to the powers. It says the Christians  
were the assailants, they having fired  
upon four Mussulmans. A fight en-  
sued, during which Mussulmans and  
Christians came to the assistance of  
their respective compatriots. This,  
says the report, compelled troops to in-  
tervene, and they succeeded in restoring  
order. Three soldiers were wounded  
and one killed, while one Christian was  
killed and one wounded. These figures  
are evidently incorrect, as the rioters  
must have lost more heavily than the  
military.

The British consul at Beirut immedi-  
ately after the riot called upon the vali  
and threatened to ask Admiral Cotton  
to land marines from the American  
squadron in the event of the renewal  
of disturbances.

In official circles here the disturbances  
are attributed to the arrival of the  
American squadron, and the belief is

PRINCE FERDINAND OF BULGARIA.

expressed that Christians at Beirut are  
endeavoring to bring about the landing  
of marines from the warships.

This is the first information received  
here showing a really serious condition  
is prevailing at Beirut. It caused much  
apprehension in official quarters as be-  
ing an indication of the spread of dis-  
order in the Turkish empire. The pres-  
ence of the United States cruisers  
Brooklyn and San Francisco at Beirut  
is regarded as a fortunate circum-  
stance. It is expected that a number  
of other foreign warships will gather  
there. Official reports further show  
that Beirut is one of the three places  
which are now centers of great anima-  
tion.

Smyrna, which has hitherto been com-  
paratively quiet, is on the eve of an  
outbreak. Great excitement prevails  
there. Authorities are in constant fear  
of an outbreak, but fortunately they  
have been able thus far to prevent  
an encounter between Christians and  
Mussulmans.

Salonica advices are also again very  
disquieting. It is expected that a  
general revolt throughout the province  
of Salonica will occur next week. It is  
the understanding among foreign of-  
ficials at Salonica that a general insur-  
rection will shortly be announced by  
the Macedonian committee. In view of  
this expectation, rigid police measures  
have been taken by the vali, who is  
showing much energy.

Reports from Monastir say the in-  
surrection in that district has been  
practically crushed by the extreme  
measures taken by the Turkish troops.  
The officials here attach significance  
to the report showing a number of  
Serbes have crossed the border and  
joined the Macedonian revolutionists.  
Reports from various points through-  
out Bulgaria show there is a strong  
feeling against Prince Ferdinand, owing  
to the fact that he left the country  
during the crisis. It is not expected,  
however, agitators will succeed in car-  
rying out plots against his life.

### FOUGHT FIERCELY.

This Is What Advices Received by  
French Foreign Officers Say.

Paris, Sept. 8.—Official advices re-  
ceived by the foreign office here give  
brief details of the outbreak at Beirut.  
The killed number five or six and many  
persons were wounded. The city is in  
an intense state of excitement. The  
outbreak occurred during the night of  
Sept. 6 between Christians and Mus-  
sulmans. The fighting was furious, fire-  
arms and knives being used. The Ital-  
ian consul rescued one Christian who  
had been stabbed and who had fallen  
in front of the door of the Italian con-  
sulate.

### Beavers Surrenders.

New York, Sept. 8.—G. W. Beavers,  
former head of the salary and allow-  
ances division of the postoffice depart-  
ment at Washington, surrendered him-  
self in the office of United States Com-  
missioner Hitchcock here and gave  
\$5000 bail for his appearance before  
Commissioner Hitchcock Sept. 15.

### GOOBERS FOR HOGS.

Mr. J. R. Smith of Reliance has  
got onto some of the progressive  
ideas of the Georgia farmers, in  
regard to raising hogs on crops  
that will produce good and cheap  
meat. He has two and a half  
acres of the winter goober, so popu-  
lar in Georgia, which seems  
specially designed for fattening  
hogs. It is a running plant, of  
extensive foliage, the vine he  
brought to the Eagle office for a  
sample, measuring three feet in  
diameter or nine feet in circumfer-  
ence as it lies spread out on the  
ground. Each runner throughout  
its entire length sends its roots  
into the ground and bears goobers,  
making a large quantity of the  
very finest kind of hog feed. This  
variety of goobers is peculiar in  
the fact that the fruit will lie in  
the ground all winter if not dis-  
turbed, and will not sprout. Mr.  
Smith will turn about twenty head  
of hogs into this patch in Novem-  
ber to feed and fatten on these  
goobers, and will finish them off  
on corn before killing. This is the  
true idea in modern hog raising, to  
use corn only as a finisher. Corn  
is too expensive as the entire feed  
for hogs, and is not suitable.

Mr. Smith has his hogs feeding  
now on peas and sorghum. The  
goobers will come on after the sor-  
ghum and peas are gone, and get  
the hogs in fine shape for finishing  
with corn before killing.

This winter goober is a valuable  
thing, and any farmer who wants  
some of them may be able to get  
seed for a start of them in the  
Reliance community, where several  
farmers have them, or seed can  
doubtless be bought of seedsmen.  
Mr. Smith also has a patch of  
red goobers, and one of the little  
Spanish peanuts, to be grown for  
horse and cow feed.

A bust of former governor Lub-  
bock has been placed in the hall of  
representatives of the capitol at  
Austin, an appropriate tribute to a  
good man who has served Texas  
faithfully and is still living, full of  
years and honors.

### WERE COMPROMISED.

Cases Brought About by Wreck on a  
Texas Railroad.

Austin, Sept. 8.—Compromised judg-  
ments were rendered in the Fifty-third  
district courts in the cases of Antonio  
Arispe, Jr., Geronimo Trevino, Jr., and  
Elvira Canteo Trevino against the  
Galveston, Houston and San Antonio  
railway for \$35,000 suits brought here.  
Jurisdiction was waived and was caused  
by the killing of Antonio Arispe and  
Lieutenant Manuel Trevino of the Mex-  
ican army in a wreck on said railroad  
on March 26, 1903, at Lacoste, Medina  
county.

### Confer on Busby Matter.

Austin, Sept. 8.—A consultation was  
held between General Oppenheimer, a  
member of the penitentiary board, Fi-  
nancial Agent Wortham and Assistant  
Financial Agent Walker regarding the  
Busby matter, which it is understood  
will be up for consideration at the next  
meeting of the board, to be held at  
Rusk.

### Wish Separate Cars.

Austin, Sept. 8.—The question is being  
agitated here for the passage of an or-  
dinance by the city council providing  
separate cars for negroes and whites.  
This is the result of a difficulty on a  
car a few days ago between negro and  
white passengers.

mon on Tuesday.

Beaumont, Tex., Sept. 8.—In the pres-  
ence of a large assemblage and with  
appropriate ceremonies Mayor Lang-  
ham drove the first spike in the Beau-  
mont and Sour Lake electric railroad.  
Grading of the road is about completed  
and track laying is to be rushed.

### Fire in Coal Mine.

El Paso, Tex. Sept. 8.—Officials of the  
El Paso and Northeastern railway have  
been notified of a fire which has been  
raging in their coal mines near Daw-  
son, N. M., for the past forty-eight  
hours. The fire resulted from an ex-  
plosion of gas. Thousands of dollars' worth  
of coal has been destroyed.

## Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I dreaded

Mrs. Laura S. Webb.

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

## WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

After dispersing the force returned and captured their camp, together with a large amount of supplies and ammunition.

### DIGNIFIED PATIENCE.

This Is Attitude of America on the Bogota Matter.

Washington, Sept. 8.—The state department received a routine message from Mr. Beaupre, the American minister at Bogota, acknowledging the receipt of Secretary Hay's cablegram of Aug. 26, stating that the Washington government would enter into no agreement which would hamper the president's freedom of action under the law. This was all the cablegram stated, although it has been the basis for speculative reports about Mr. Beaupre's ideas of the Bogota situation. The state department's attitude is one of dignified patience.

### WITH WEDDING GIFT.

Lady Takes Her Life With Present Given Her When She Married.

Chicago, Sept. 8.—Mrs. Helen Worthington Purinton, wife of Colonel Holman Greene Purinton, prominent in Masonic and National Guard circles, committed suicide at her home by shooting herself in the mouth. Despondency over continued ill health, coupled with the dread of a dangerous surgical operation, which her physicians had told her was inevitable, is thought to have been the cause of her act. The weapon with which she took her life was a heavy army revolver of 38 calibre, and was a wedding present given her by her husband's Knight Templar comrades on the eve of her departure for the Philippines with Colonel Purinton three years ago.

Bishop Horstmann of Cleveland, preached the sermon.

## LEGIONS WERE IN LINE

Greatest Observance of Labor Day Ever Known.

### THOUSANDS PARADE.

In Every Portion of the Union the Laboring People Had Processions of Greater Magnitude Than Ever.

New York, Sept. 8.—Never before in the history of the United States has Labor day been more generally observed than on Monday. From cities and towns throughout the length and breadth of the Union come reports of an almost total cessation of business, long lines of trades unionists in parades and prominent men making addresses. In several cities the processions were extremely long and the marchers in numerous instances uniformed.

President Roosevelt addressed fully 25,000 people at Syracuse, N. Y. There were 5000 persons in the parade. In the two parades at Boston about 25,000 persons took part.

Conditions were never better in this city than to-day for the celebration of Labor day, clear skies and cool breezes giving ideal weather for parades, excursions and other outings and recreations.

Several large political outings were arranged for the day and there were many special events on the athletic programme. The central feature of the celebration in this city was the parade, which took place in the morning, representatives of unions in the board of building trades marching under the leadership of Samuel Parks, walking delegate of the Housewives' and Bridgemen's union. Behind Parks and his associates walking delegates came an open carriage containing William S. Devery, former chief of police.

Parks is under conviction on charges of extorting \$200 from a contractor for calling off a strike, and was last week released from Sing Sing pending appeal proceedings. His progress from 59th street and Washington arch was attended with cheering and hissing, applause and jeers, insulting remarks and plaudits. At eight or ten different points women standing at the curb hissed while Parks was passing and then turned to cheering the rest of the parade. On such occasions there was cheering on one side of the avenue and hissing on the other.

At Chicago over 100,000 people paraded. Pittsburg turned out 20,000. At Cincinnati it was the longest Labor day parade ever known there. At Cleveland, O., the parade was a monster one. Three thousand turned out at Little Rock. More than 6000 workmen were in the Denver parade. Forty thousand men were in the procession at St. Louis and 15,000 at East St. Louis. Ten thousand men marched at Milwaukee, Birmingham, Ala., had the longest parade in the history. Mobile, Ala., had her greatest labor parade. Floats beautifully decorated and thousands of uniformed men was the Labor day feature at Louisville, Ky. At Indianapolis it took two hours for the procession to pass a given point. Samuel Gompers spoke. All departments were closed at Washington. Fully 30,000 unionists were in line at New Orleans. Five thousand men marched at Atlanta, Ga. Every city in Pennsylvania observed the day. At Kansas City there were 20,000 marchers and at Detroit the parade was a long one. The day at San Francisco was celebrated with unprecedented enthusiasm, 40,000 people parading. For the first time Vicksburg, Miss., had a Labor day parade.

Fifteen hundred men took part in the parade at Fort Worth. At Dallas it required a half hour for the procession to pass a given point. There were about 4000 in line of march. At Galveston 4000 paraded.

In the parade at Tyler there were 600 farmers, and every labor union had a large turnout.

Thirty-seven unions paraded at San Antonio, there being over 3000 in line. Forty decorated floats were in the Denton parade. Houston celebrated the day on a grand scale.

All cities in Oklahoma and the Indian Territory duly observed the day. Waco celebrated the day on an elaborate scale.

### GOMPERS AND PARRY.

Former Challenges the Latter to Debate Labor Question.

Indianapolis, Ind., Sept. 8.—In his address here Samuel Gompers among other things said:

"I have never yet challenged Mr. Parry to joint debate, but I say I will challenge him to a debate on the labor question and the labor movement, not necessarily before a great public gathering, although I will do that if it pleases him, but I am willing to meet him in debate before any economic association that he may select. I will meet him before the Indianapolis Ministerial association, or the Manufacturers' association of that or any other city in America. I challenge him to submit the report that he prepared for the last convention at New Orleans to the next convention of the national association, and ask the convention to endorse all he said in that report. He knows that the National Manufacturers' association will not be committed to such unjustifiable and unreasonable attacks on organized labor."

### WILL NOT WED.

Mrs. Bryan Denies Report of Miss Ruth and Hobson Marrying.
